COMMITTEE ON
NATURAL RESOURCES
CHAIRMAN, SUBCOMMITTEE ON
INDIAN AND ALASKA NATIVE AFFAIRS
COMMITTEE ON
TRANSPORTATION & INFRASTRUCTURE
REPUBLICAN
POLICY COMMITTEE

January 22, 2015

Ms. Kimberly Bose, Secretary
Federal Energy Regulatory Commission
888 First Street NE
Washington, DC 20426

Dear Ms. Bose,

Hydropower is a renewable energy resource that Southeast Alaska is blessed with in abundance. Our Southeast communities exist on hydropower and more development is needed to create low cost sustainable economies. As a result, I am asking the Federal Energy Regulatory Commission to give a prompt and judicious review regarding the potential Sweetheart Lake hydroelectric project near Juneau, Alaska.

It's my understanding that Juneau Hydropower Inc. is pursuing a FERC license to develop a hydroelectric project at Sweetheart Lake, and I encourage you to proceed with the required review in a diligent and timely manner. As you proceed through the Environmental Impact Statement process, please recognize that developing this resource could bring both environmental benefits and advance energy security into future.

Thank you for your consideration.

Sincerely,

DON YOUNG
Congressman for All Alaska
